

**INSIDE THIS ISSUE:** We introduce our new team at St John's DermAcademy, review our latest event: Alopecia '360' – A Masterclass in Hair Loss 2019, and summarize our upcoming educational events.

Sept 2019  
Issue 1

Welcome to the first edition of the St John's DermAcademy newsletter. St John's DermAcademy provides dermatology training events and resources for healthcare professionals. We aim to provide dermatology education of the highest quality, which is evidence-based, clinically-focused, and tailored to the specific needs of the healthcare professionals who attend our courses. Since St John's DermAcademy was established in 2017 we have expanded the number of courses we deliver; for those of you sitting the Dermatology Specialty Certificate Examination (SCE) we are proud to introduce our new **High Intensity Dermatology SCE Revision course** which takes place later this month on **12<sup>th</sup> September** in the new Science Gallery London.

We are delighted to announce that our **9<sup>th</sup> Annual Allergy and the Skin course** is OPEN FOR REGISTRATION (via [www.stjohnsdermacademy.com](http://www.stjohnsdermacademy.com) 'Events page') and will take place on **4<sup>th</sup> November** at the Royal college of Physicians. This course is designed for Dermatologists, Allergists, Paediatricians and GPs with an interest in dermatology/allergy, and is pitched at consultant, SAS, GP, trainee and specialist nurse levels. This year the course will cover important clinical challenges in atopic dermatitis, urticaria and contact allergy in both adults and children.

We are pleased to introduce our new DermAcademy team:

- Director, **Dr Satveer Mahil**, Consultant Dermatologist at St John's Institute of Dermatology.
- Medical Education Fellow, **Dr Alexandra Paolino**, Specialist Registrar in Dermatology.
- Educational administrator, **Mrs Diana Grattan**.

St John's DermAcademy would like to thank our Industry Partners for their ongoing support: Abbvie, Celgene, Janssen, Lilly, Novartis, Sanofi.

## June 2019: St John's DermAcademy Alopecia '360' – A Masterclass in Hair loss

We were delighted to welcome leading national and international speakers and chairs on this year's one-day course, which was aimed at improving practical skills in the diagnosis and management of scarring and non-scarring alopecia.

Topics covered included hair histopathology, hair disorders in ethnic skin, how to manage androgenetic alopecia, systemic therapies for scarring alopecias, trichoscopy, hair transplantation and future perspectives in the field of JAK inhibitors.

*Left to right, back to front row: Dr David Fenton, Mr Greg Williams, Dr Christos Tziotziou, Dr Kapil Bhargava, Dr Amr Salam, Dr Catherine Stefanato, Dr Antonella Tosti.*

The course received excellent feedback with the following testimonials :

*'Comprehensive, well pitched, with excellent speakers and delivery, I really enjoyed it and would thoroughly recommend it to others'- Attendee, Consultant Dermatologist.*

*'An excellent overview and update on the assessment and management of alopecia' - Attendee, Dermatology registrar.*

We look forward to our next Masterclass in Hair loss course in June 2021.
